Outline of the presentation

- Aim and specific objectives
- Proposed activities/ The outputs of the project
- Target groups

Aim and specific objectives

- Developing 2 Jean Monnet modules, at the Faculty of Economics (FE), University of Tirana (UT)
 - ❖ **“Climate Change Adaptation in the framework of EU integration” (a new course) and “DRM in the framework of EU integration” (existing course).**
 - Delivery of tailor-made courses on specific EU issues relevant for graduates in their professional life
 - ❖ **Promotion of EU studies/** the introduction of an EU angle into mainly non EU related studies
 - The two Jean Monnet modules proposed in this project will be based in the good practices of EU study programs in the field of DRM and CCA. Relevant programs and contents have been reviewed and used for the purposes of developing the syllabi of both courses.
 - ❖ **Fosters the publication and dissemination of the results of academic research**

Proposed activities

Teaching activities

- Delivery of teaching activities,
- *DRM in the framework of EU integration*
- *Climate Change Adaptation*
- Organization of three open lecturers

Specific Activity: Research/deliverables

- Preparation of didactic materials, for both modules, for teaching purposes
- Implement the ICT in learning material
- Drafting and publishing one book about climate finance and financial resilience to hazards in the framework of EU integration policies;
- Preparation and publication of one article to be published in a peer-reviewed journal on the field.
- Organization of one Conference on CCA and DRM in the framework of EU
